A few of our trusted manufacturers

A tradition that has endured for more than 30 years. We are the favorite choice of thousands of Mexicans. No matter how you wear it, a good hat will always be your best companion.

We are Sombreros Sánchez, a family of artisans who, for more than 30 years, have dedicated ourselves to the craft of palm hats.

Following a family legacy spanning three generations, we have strengthened the commitment to keeping the artisanal tradition alive, with quality as our guiding pillar.

For four generations, Crown King has crafted authentic Mexican hats with passion and precision. Each piece reflects heritage, quality, and artisanal excellence.

**We connect you directly with Latin America's
finest hat manufacturers. Our mission is to
simplify cross-border procurement, providing
you direct access to 500,000+ sq. feet of
manufacturing capability and our exceptional
personalized service**
